Image 1

After God rescued His people from Egypt, they lived in the desert for forty years.

God gave them everything they needed.

Food to eat, water to drink, and He showed them where to go.

Image 2

They lived in booths — like tents — not houses.

God even made sure their shoes did not wear out!

God loved His people and took care of them.

Image 3

One day God led them to a new place with gardens and food.

But God still took care of them — He made the sun shine and the rain fall.

God made the food grow!

Image 4

God said, "Celebrate what I did for seven days."

Everyone came together — sons, daughters, everyone!

They lived in booths and remembered how God cared for them.

Image 5

They ate together and talked about how God always gave them what they needed.

God still takes care of us every day.

Who can celebrate God? I can celebrate God!

WHAT WE LEARN

God took care of His people for forty years in the desert — food, water, even their shoes! Later God asked them to celebrate for seven days in booths (tents) so they would remember that God always takes care of them.

For you: God still gives us what we need. You can celebrate God for everything! Who can celebrate God? I can celebrate God!
